

Most of us can't begin to understand the sacrifice given by our military troops and their families. And yet they continue to serve this country and fight for our freedom. We're honored to accept the privilege of praying for our soldiers and their families. Many are separated from one another for great lengths of time. Ask the Lord to protect them, and bring glory to His name and freedom to many people. Continue to pray for our president and government especially during this important time in our nation.

#### **John Adams**

Marines, Iraq
